The Rise and Fall of the Third Reich: It begins at the end of the First World War and covers the events leading to Adolf Hitler's meteoric rise to power in Germany up to the end of World War II. An emphasis is placed on the Holocaust, the Nazi Rally Grounds, National Socialism and Propaganda. We also offer insight to Nazi connections with the old Germanic Orders and the Occult. The secrets of the Third Reich are revealed as we investigate Hitler's rise to power in Munich, the birthplace of the 'Movement'. We will also explain how the Nazi State changed under Hitler's tyrannical Dictatorship. During our three days at Berchtesgaden, we explore the history of the nearby Obersalzberg Mountain, which was a refuge for Hitler in the early days and the transformation of the mountain into the southern headquarters for the Third Reich. History comes alive as we tour Hitler's underground bunkers at Obersalzberg and travel to the infamous Eagles Nest.
