We continue our top secret travels with a guided tour by the U.S. Department of Energy to the Nevada Test Site, now called the Nevada National Security Site. Experience a full day inside the Nevada Test Site on our exclusive tour with many stops, including Mercury (main base camp for the site), Frenchman Flat (where atmospheric nuclear tests were conducted) and the Sedan crater (from the Plowshare program). Hear the story of the Nevada Gold Rush while exploring the history of mining in Goldfield and Tonopah. Visit the Central Nevada Museum and see the birthplace of stealth technology and F-117 fighter bomber at the Tonopah Test Range.
